YOUR IMPACT THIS PASSOVER

CHABAD AT NSU
The heart of Jewish Life at NSU

"We are truly one big family"
— Estelle Yushvah, 2026

YOU MADE A DIFFERENCE

Let us start by saying thank YOU! Amidst your own holiday season, you came through for theirs! Your support showed the students at NSU & BC that family, traditions, and generosity are of greatest importance. This couldn't happen without you!

Students stayed singing at the Seders until late in the night, calling out Dayenu & singing L'shana Haba'a B'Yerushalayim. Passover this year was filled with late nights of laughter and hundreds of fueling Kosher for Passover meals. Friendships were formed and the energy all week long was uplifting. Thank you for making sure that no student spent Passover alone.

From the many students whose lives you've impacted and continue to impact, thank you!

With deep gratitude, Rabbi Aryeh & Etty Schwartz

HOW CAN I SEDER WITHOUT FAMILY?

My whole life growing up, my family and I gathered and celebrated every Jewish holiday together. Ever since I moved away for college that unfortunately had to change. **Living far from home meant that I would not be able to be with them like I used to.** This past year, living on my own has truly been difficult for me to adjust to. Chabad welcomed me in so warmly and has provided me with that feeling of being with family during the Jewish holidays. I am beyond thankful that I am a part of the Chabad community!

For Passover this year, they offered meals and held both Seders for all of us students. **Attending these Seders reminded me of how I spent them with my family.** I feel really happy knowing that I always have a place where we can celebrate Jewish holidays together.

The Seders were educational, loving and overall an amazing time. But most of all, it reminded me that wherever I am, whether at home or on campus, **we are truly one big family.**

HOW WOULD I EAT FOR PASSOVER THIS YEAR?

As an international student who lives here by myself **I didn't have access to kosher food**, but Chabad gave me the opportunity to keep kosher on Passover with prepared lunches and meals everyday. Thanks to you, I was able to celebrate the seders with my new Chabad family even while far away from home.

I'm so grateful for that!

"Every time I walk through Chabad's doors I immediately feel at home."

Ava Pollac '26 & Hannah Azachi '25 cook up a storm at Kosher Cooking Club

Being able to come to the Passover Seder was such an amazing and beautiful experience for me. Every time I walk through Chabad's doors I immediately feel at home. The feeling here is unlike any other - **the magical feeling of unity and a sense of home** is something I appreciate the most about Chabad and it was especially present during the Passover Seder. I have made so many friends that have become family and I could not be more grateful.

Chabad has connected me to my Judaism in ways I did not know would be possible. **Having a place to ask my questions and bring up my concerns makes me feel so safe and at home.**
