

TRAVEL WITH US

THROUGH HIGH HOLIDAYS 2024

"It was my first Rosh Hashanah away from home and these High Holidays were incredibly special! I'm so grateful I could bring my grandmother to Chabad for Rosh Hashana dinner — she loved it and still talks about the amazing experience. **Chabad at NSU truly feels like my home away from home.** ❤️" - Celine

ROSH HASHANA

100+ students joined for melt-in-your-mouth brisket, apples & honey, meaningful holiday prayers & NSJew "family" time at Rosh Hashana Dinners. The shofar's sound made its way to hundreds of students around Campus. When reflecting on highlights of the year, **students shared how the NSJew love & support makes all the difference.** The emotions came out and the passionate singing continued!

OCT. 7 MEMORIAL

With inspiring unity, students expressed their Jewish pride, their pain & their determination to Am Yisrael Chai! The meaningful displays so thoughtfully crafted were a touching tribute to our holy brothers and sisters in Israel!

YOM KIPPUR

The day began with an Erev Yom Kippur feast, followed by uplifting services, and hard-hitting Q&A session! For the first time, the NSJews had a minyan for all of the prayers and could even receive the Birkat Kohanim blessing.

YOM KIPPUR BREAK-FAST

Neilah approaches and students flow in. Strong voices call out "Shema Yisrael" and the whole place erupts in song. The energy is palpable and there is standing room only as the Shofar Blasts fill the air! Bagels, lox, soup, desserts, roll out - we did it! The joy is real. Well fed, Jewishly-high, holy students connect and refuel!

SUKKAH BUILDING

With full bellies we go straight into Sukkah Building! With music playing and the all-star team assembled, the **600 square foot Sukkah** goes up fast!

SUSHI IN THE SUKKAH *JEW-NITY EVENT*

Sukkot celebrates Jewish unity! Together with all the Jewish organizations on Campus, NSJews gathered for our annual Sushi making, edible Sukkah wars & a full holiday meal. **The Sukkah was packed with over 85 students!**

LULAV SHAKES ACROSS CAMPUS!

250 Students, Professors & Faculty did this mitzvah over the Sukkot holiday - and then we lost count! **"Why are you carrying a huge asparagus?"** and **"Is that your Jewish lightsaber"** are part of the fun attention this mitzvah brings. One security guard asked to hold it so he could soak in the holiness! Funny, but true - we love these lulav shakes!

GRADS SUKKAH SOCIAL

Grads & Alumni celebrated at the annual favorite Poke Bowls Sukkot event. We ran out of parking, but never out of food! Grads connected from all across Campus and stayed late into the night. Overheard from one alum: **"I know I can always come back home to Chabad"**

SIMCHAT TORAH!

Simchat Torah was ON FIRE! A 3 day holiday flowing with song, dance, and late night farbrengens. Students took on mitzvah resolutions & recommitted to being proud Jewish leaders!

Hear the magic from Monica:

I always feel excitement here, but after Simchat Torah, **I felt the bond between my spiritual and physical being, the bond to the Torah, and the bond to the people** who populate this beautiful and welcoming community. Nothing sums it up better than when we danced outside, shouting in unison **"IT'S GESHMAK TO BE A YID!"**

THANK YOU!

You packed their bags with meaningful holidays, non-stop celebration, education, & community. The students carry this energy into their year & beyond.

With deepest gratitude, NSJews
